

RDX Enterprise, LLC – Teaming Position Statement

Cybersecurity · Automation · Secure IT Operations · NAICS 541512

MARINE CORPS EDUCATION COMMAND (EDCOM) – IT SUPPORT SERVICES RFI

RDX Enterprise, LLC is interested in supporting the Marine Corps Education Command Information Technology Support Services requirement as a **subcontractor or teaming partner**.

RDX is not seeking to overstate its position as a large-scale prime contractor for the full IDIQ scope. Instead, RDX is best positioned to provide **focused, specialized support** in cybersecurity operations, security automation, SOAR workflow development, RMF/NIST-aligned documentation, ServiceNow workflow improvement, SIEM/Splunk support, endpoint operations, and secure IT service delivery.

RDX can add value to a prime contractor team by supporting mission-focused security operations and automation workstreams that require disciplined documentation, evidence capture, approval workflows, and operational accountability.

POTENTIAL TEAMING SUPPORT AREAS

- ▶ Cybersecurity operations support
- ▶ SOAR automation and playbook development
- ▶ SOC workflow improvement
- ▶ Incident response automation
- ▶ ServiceNow ITSM / workflow support
- ▶ Splunk / SIEM integration support
- ▶ RMF / NIST documentation and evidence organization
- ▶ Endpoint and client systems support
- ▶ Helpdesk process improvement
- ▶ Zero Trust-aligned security workflow support
- ▶ Secure IT operations and mission continuity support

WHY RDX AS A TEAMING PARTNER

RDX Enterprise brings a veteran-owned perspective, retired U.S. Air Force cyber/intelligence experience, and practical enterprise cybersecurity-automation experience. The company is interested in contributing as part of a capable prime-led team supporting Marine Corps Education Command's secure, reliable, and mission-aligned technology operations.
